**ASSIGNMENT OF PATENT APPLICATION**

WHEREAS, the undersigned, Rajendra Pendse of Fremont, California (hereinafter termed the "Inventor") is the inventor of the invention described and set forth in the United States Patent Application titled:

***Apparatus and process for precise encapsulation of flip chip interconnects***

and has executed an oath or declaration of inventorship for said application, the said application having been filed in the United States Patent and Trademark Office on February 22, 2002 as U.S. Application No. 10/081,425 (hereinafter termed the "Application"); and

WHEREAS, ChipPAC, Inc., a corporation of the state of Delaware, having a place of business at 47400 Kato Road, Fremont, California 94538 (hereinafter termed the "Assignee") is desirous of acquiring the entire right, title and interest in and to the Application and the invention disclosed therein, and in and to any and all embodiments of the invention, heretofore conceived, made, or discovered jointly or severally by said Inventor (all collectively hereinafter termed the "Invention") and in and to any and all patents, inventors' certificates, and other forms of protection (hereinafter termed the "Patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged by the Inventor:

1. The Inventor has assigned to the Assignee, and does hereby sell, assign, transfer and convey to the Assignee all right, title and interest (a) in and to the Invention and the Application; and (b) in and to all rights to apply for foreign patents (including patent, utility model and industrial designs) on the Invention pursuant to the International Convention for the Protection of Industrial Property or otherwise, including the right to claim priority from the Application; and (c) in and to any and all applications filed and any and all patents granted on the Invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said applications; and (d) in and to each and every reissue or extension of any of said patents.

2. The Inventor hereby agrees to cooperate with the Assignee to enable the Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by the Inventor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by the Assignee (a) for perfecting in the Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering the Invention; (d) for filing and prosecuting applications for reissuance of any said Patents; (e) for interference or other priority proceedings involving the Invention; and (f) for legal proceedings involving the Invention and any applications therefor and any patents granted thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by the Inventor in providing such cooperation shall be paid for by the Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of the Assignee, its successors, assigns and other legal representatives, and shall be binding upon the Inventor, his respective heirs, legal representatives and assigns.

4. The Inventor hereby warrants and represents that he has not entered into and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, the Inventor has executed and delivered this instrument to the Assignee as of the date written below.
